PROFESSIONAL SUMMARY

Senior WordPress Developer with **8+ years** of experience building responsive, scalable, high-performance websites and e-commerce stores. Expert in WordPress, WooCommerce, Elementor, custom themes and plugins, PHP and Laravel. Now expanding into **AI-driven development**: using modern AI tools to design, build and ship software, Android and iOS apps and machine learning solutions faster and at higher quality. Strong background in payment gateways, REST APIs, server configuration, security and performance.

WHAT I BUILD WITH AI

- **Software & Web Apps:** custom business software, dashboards, admin panels and SaaS-style tools.
- **Android & iOS Apps:** mobile applications from idea and UI to a working app.
- **Machine Learning Software:** ML-powered tools, chatbots, automation and data-driven applications.
- **AI Integrations:** connecting AI models and APIs to WordPress, WooCommerce and custom platforms.
- **Any Machine, Any Platform:** web, desktop, mobile and server solutions through AI-accelerated workflows.
